

## SUMMARY

APPLY NOW

G-tec is a specialised contractor and consultant in geophysics, geotechnics, engineering geology and environment and part of the DEME Offshore group. G-tec operates around the world on land and at sea with a highly qualified and motivated team of civil engineers, earth scientists, hydrographers, biologists and electronic engineers providing efficient and innovative solutions for ground investigation and hydrographic surveys, completely in line with the client's demands and requirements. As a Party chief, you will be part of the project team for our geophysical and geotechnical activities. You will collaborate with and guide employees of several nationalities and disciplines, whether that is on board of our vessels, on the project or in one of our offices.

OFFSHORE

SURVEY

BELGIUM

### Your responsibilities

### Your profile

### Our offer

- ✓ You are responsible for the survey operations (preparation, mobilisation and execution) and ensure they are carried out in accordance with the method statement and in a safe way.
- ✓ You lead the offshore project team on board, optimising productivity and efficiency.
- ✓ You communicate clearly with key project stakeholders: Project Management, Client representatives, Vessel master and crew.
- ✓ You accurately monitor the progress and the quality of the works.
- ✓ You ensure project deliverables are produced on time and up to the highest quality standards.
- ✓ You report about budget and cost control in close collaboration with the project manager.

### Your responsibilities

### Your profile

### Our offer

- ✓ You hold a diploma related to hydrographic surveying, geophysics, geology, engineering or equivalent by experience.
- ✓ You have a minimum of 2 years of relevant experience as party chief in the offshore industry.
- ✓ You are familiar with marine survey techniques, geophysics, geotechnics and software.
- ✓ You have a good practical sense and ability to do the job in challenging and remote conditions.
- ✓ You have good communication skills and able to take a critical view towards the works to be carried out.
- ✓ You are flexible and willing to work within a team in Belgium and abroad, offshore and in the office.
- ✓ You are fluent in verbal and written English. Knowledge of any other language is an asset.
- ✓ You have an excellent attention to detail, quality and safety.

### Your responsibilities

### Your profile
