

PROJECT ENGINEER

Job publication date: 03 FEB 2020

SUMMARY

APPLY NOW

G-tec is a specialised contractor and consultant in geophysics, geotechnics, engineering geology and environment and part of the DEME Offshore group. G-tec operates around the world on land and at sea with a highly qualified and motivated team of civil engineers, earth scientists, hydrographers, biologists and electronic engineers providing efficient and innovative solutions for ground investigation and hydrographic surveys, completely in line with the client's demands and requirements.

OFFSHORE

OPERATIONS

BELGIUM

Your responsibilities

Your profile

Our offer

- ✓ Being responsible for the preparation, mobilisation and execution of our projects, together with the party chief. Including survey planning, equipment (de)mobilisation, equipment maintenance, data acquisition and QC, data processing and reporting.
- ✓ Develop method statements for our works before execution.
- ✓ Implement and optimise the method statements on site, with a clear focus on safety and quality.
- ✓ Ensure planning, production reporting, budget control and cost monitoring;
- ✓ Provide support to other departments (tendering, QHSE, R&D) depending on the workload.

Your responsibilities

Your profile

Our offer

- ✓ You hold a diploma related to hydrographic surveying, geophysics, geology, engineering or equivalent by experience.
- ✓ You are familiar with marine survey techniques or geophysical techniques and software.
- ✓ You have a good practical sense and ability to do the job in challenging and remote conditions.
- ✓ You have a good attention to detail, quality and safety.
- ✓ You are flexible and willing to work within a team in Belgium and abroad.
- ✓ You have a good knowledge of English. Knowledge of any other language is an asset.

Your responsibilities

Your profile

Our offer

- ✓ An extensive mobility program for a healthy work-life balance.
- ✓ A permanent training track which allows you to develop yourself personally and professionally.
- ✓ A stimulating, innovative workplace with numerous growth opportunities.
- ✓ A people-oriented environment with an interactive health program and a focus on employee wellbeing.
